

Steps for purchasing event photos from Beyond the Lens

Choose the event you wish to view and then you can choose the class

When you see photos you like, hover the mouse over the photo and a heart will appear in the upper left corner of the picture

Click the heart to add the photo as one of your **Favorites**

Once you have added your favorite photos to the list, you can view them by going to the upper left side of the screen and clicking on the **Favorites: My Selection** button

Once you are viewing your favorite photos, you will then see the **Buy** icon on the right side of the screen

By clicking that you will then have the options of buying **Prints, Digital Downloads, or Packages**

Packages

Click **See All** to view all package options

When you see one that suits your needs, click **Start Building**

If you then select **Favorites**, it will display all images that you marked as favorites. You can then click and drag the images that you want included in the package to the shaded areas marked "Drag Photo Here". When all slots are filled, click **Add to Cart**.

*You can also select **Add to Cart** on a partially completed package. This will save your package to the cart and it provides you with a reminder that you have a partially completed package in your cart that you can fill later.*

Prints

If you are looking for printed photos, but not interested in the packages, from the **Buy** screen, choose **Prints**

This will give you the option to scroll through the photos you selected as favorites. From there you can choose the desired size from the drop down menu on the right side (**Small Print** 4x6 or 5x7, or **Standard Print** 8x10)

You then can adjust the quantity and **Add to Cart**

Digital Downloads

From the **Buy** menu, choose **Downloads**

Choose desired photos and **Add to Cart**
